DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 23, 2009 has been entered.

Claims 1, 2, and 4-9 are pending in the instant application.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 6-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 6, 8 and 9 recite the limitation "the organic electroluminescent element is viewed as intersected by an imaginary first plane perpendicular to the first surface of the substrate". The first surface of the substrate has not been defined earlier and hence there is insufficient antecedent basis for this limitation in the claims.

Claim 7 is rejected because of its dependency status from claim 6.

Allowable Subject Matter

Claims 1, 2, 4 and 5 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1 the prior art of record neither teaches nor suggests the organic EL element including all the limitations as claimed and particularly the second surface of first electrode and first and second surfaces of the emissive layer having multi-dimensionally meandering surface shape.

Claims 2, 4 and 5 are allowable because of their dependency status from claim 1.

Claims 6-9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
